

OBJECTIVE

- Seeking a Data Analyst or BI role to leverage strong analytical skills and hands-on experience in SQL, Python, MongoDB, Excel, and Power BI to transform data into actionable insights and support data-driven decision-making, while contributing to business growth and continuous improvement.

EDUCATION

- BSc in Navigation Science and Space Technology, Beni Suef University with CGPA: 3.76 / 4. (2019 – 2024)
- Graduation Project: AI-based CubeSat model for predicting ionospheric effects on GPS signal accuracy.

PROJECTS

- E-Commerce Sales Analytics Platform (ITI Graduation Project)
 - Designed and implemented complete data warehouse using star schema (4 dimensions + 1 fact table) supporting 50K+ e-commerce transactions.
 - Developed 20+ custom DAX measures for comprehensive KPI tracking: revenue metrics, customer segmentation, product performance, trend analysis.
 - Built interactive Power BI dashboard with 3 pages: Executive Summary, Product Analytics, Customer Insights.
 - Performed Python-based exploratory analysis uncovering key insights: top 10% products generate 45% revenue.
 - Optimized database queries through indexing strategy improving query performance by 60%.
- Sales Performance Dashboard
 - Designed an interactive Power BI dashboard using star schema modeling to monitor business KPIs.
 - Developed custom DAX measures and visuals, enhancing analysis accuracy and decision-making speed.
- Financial Performance & Profitability Analysis (Excel)
 - Analyzed revenue trends and margin erosion using Excel Power Pivot and advanced data modeling.
 - Created performance reports to identify cost-saving opportunities and improve financial visibility.
- Flights Delay Analysis Dashboard
 - Analyzed complex aviation datasets to identify root causes of flight delays using Power BI.
 - Developed an interactive dashboard, improving scheduling accuracy and operational planning.
- Non-Profit Organization Database System
 - Designed and implemented a SQL database to manage non-profit operations, improving data organization and accessibility.
 - Built optimized schema and queries, enhancing data retrieval efficiency and reporting performance..
- Movies Ratings & Insights Analysis
 - Analyzed movie datasets using Python (Pandas, NumPy), uncovering trends in ratings, genres, and user preferences.
 - Developed visualizations to support insights, enabling better understanding of patterns and decision-making.

INTERNSHIPS

- Power BI Development trainee at Information Technology Institute – ITI. (Jan 2026 – Jul 2026)
- Data Science Intern at Digital Egypt Pioneers Initiative (DEPI). (Jun 2025 – Dec2025)
- AI Intern at Huawei ICT Academy-Egypt and National Telecommunication Institute (NTI). (Oct 2024 – Nov 2024)
- Generative AI Intern at Digital Egypt Pioneers Initiative (DEPI). (Apr 2024 – Nov 2024)

WORK EXPERIENCE

- Freelancer || Elhareefa (Jun 2026 – Sep 2026)
 - Acted as a Personal Assistant to the CEO, coordinating workflows and strategic communications.
- Medical Rep Data Analyst || Advocure Pharma Group (Aug 2025 – Jan 2026)
 - Analyzed regional sales and built Excel dashboards, cutting reporting time by 85%.
- Medical Rep Data Analyst || Marvel Pharma Group (Apr 2025 – Aug 2025)
 - Developed KPI dashboards, driving a 12% improvement in team performance.
- Reservation Representative || Hathor Hotel (Oct 2024 – Mar 2025)
 - Managed booking systems and customer data to optimize scheduling.

VOLUNTEERING EXPERIENCE

- Leadership & Management || Team Leader – Resala Qena Charity
- Public Relations || PR – Youth Parliament, Qena Center
- Design & Media || Graphic Designer – Enactus New Beni Suef | GDSC | YLY Qena | TEDx Youth MC International School

Technical Skills

- Data Analysis & Business Intelligence

- SQL | MongoDB | Microsoft Excel (Pivot Tables, VLOOKUP, Data Cleaning) | Power BI (Dashboards & Visualization)
- Programming
 - Python | C / C++
- Data Science & Machine Learning
 - Data Analysis | Machine Learning (Basics) | Data Visualization

SOFT Skills

- Problem-Solving | Communication & Presentation | Creative & Critical Thinking
- Leadership | Project Management | Prioritization | Consistency
